Seed

Look, a
melon seed!

This is a
seed of love.

Just like my love for you,
it just won't stop growing.

Let's move forward, into the light!
Ha ha ha...

It hurts!

Wait
for me!

Look! It's a water melon!

Without this burden, you could run as fast as me...

My granny told me...
...when I was a little kid, that if I ate a seed...
...it would sprout in my womb, growing into a huge fruit...
